

ROLLER HOCKEY ALLIANCE

To grow and develop roller hockey through unity and education

EST. 2008

RHA COACHES PROGRAM

OVERVIEW

The role as a coach and leader is vital to the physical, social and emotional development of the players involved. Coaches are a key link to the growth, development and education of roller hockey. The RHA Coaches Program is designed to give the developing coach, as well as the experienced coach, the education and training to improve and empower young people to play better hockey. It is our belief that better informed coaches creates a more positive experience for all roller hockey participants.

The RHA Coaches Seminar is a two hour classroom session aimed at uncovering your Strengths and Weaknesses in an effort to improve your efficiency and effectiveness as a coach. It focuses on on three major components:

- Organization / Communication
- Roles of Players/Coaches, Understanding the Skills Set Needed at each level
- Execution of Skills Training/Game Training through Practice and Games

WHAT ARE YOU DOING TO GET BETTER AS A COACH?

The RHA is moving towards National Coaching Certification by 2011. The RHA will be offering Coaches Seminars at all USA Clinics Camps, as well as at winter and summer National events for: NARCh, TORHS and State Wars
